Dear Marcus,

I am excited to apply for Graphic Design at Minted New York. As a student at the University of Texas at Dallas with a concentration of Product Design, I have been eagerly preparing a targeted portfolio to align with your company's creative vision. Minted represents my ideal brand, and I wanted to ensure I presented my work in the best possible way. While the position opening arose before I could fully complete my specialized portfolio, I am eager to share my existing work and demonstrate how my skills align with your needs.

Throughout my time at UTD, I have worked closely with my design professor, Norm Cox, to refine my portfolio, tailoring my work to match the aesthetics and objectives of your brand. Seeing the journey and process of growing Minted has only solidified my belief that my design approach, creativity, and dedication to innovation would be a perfect fit for your team.

I would welcome the opportunity to discuss how my skills and enthusiasm align with your company's goals. Please find my portfolio within the websit, and I look forward to the possibility of contributing to Minted New York. Thank you for your time and consideration.

Best regards,  
Damian Izaguirre
